this book explores how courts decide or ought to decide in situations of uncertainty a court must always decide the case before it even if the relevant facts remain unclear the question then arises which party benefits and which party is burdened by that uncertainty in these cases the court must apply the rules on the burden of proof or more precisely the burden of persuasion their importance for the individual claimant is obvious the comparison of two domestic systems one based on common law and the other a traditional code based legal order with regard to the issue of burden of proof helps to clarify the terminology and lays the ground for dealing with the burden of proof in international human rights law without knowing what can be understood by the term burden of proof under domestic law international lawyers with different domestic law backgrounds are in danger of misunderstanding each other this may lead to obscuring the problems connected with court decisions involving uncertainty the study also deals with uncertainties with regard to legislative general in contrast to adjudicative individual facts and with uncertainties in the framework of predictions in contrast to uncertainties relating to historic facts it attempts to prepare the ground for dealing more consciously and more consistently with problems of uncertainty in international human rights law international courts due to their geographical and cultural distance from the case usually have less access to the underlying facts nevertheless in order to

protect human rights effectively international courts and tribunals cannot always restrict themselves to reviewing the law but may also have to decide on the facts thus issues relating to decision making on the basis of uncertain facts including the burden of persuasion are even more important in international than in domestic human rights law

this book uses a human rights perspective developed philosophically politically and legally to change the way in which we think about drug control issues the prohibitionist approach towards tackling the drugs problem is not working the laws and mentality that see drugs as the problem and tries to fight them makes the drugs problem worse while the law is the best placed mechanism to regulate our actions in relation to particular drugs this book argues against the stranglehold of the criminal law and instead presents a human rights perspective to change the way we think about drug control issues part i develops a conceptual framework for human rights in the context of drug control philosophically politically and legally and applies this to the domestic uk and international drug control system part ii focuses on case law to illustrate both the potential and the limitations of successfully applying this unique perspective in practice the conclusion points towards a bottom up process for drug policy which is capable of reconfiguring the mentality of prohibition this book will be of interest to students and scholars of human rights criminal law criminology politics and socio legal studies

natural resources and their effective management are necessary for securing the realisation of human rights the management of natural resources is linked to broad issues of economic development as well as to political stability peace and security but it is also intimately connected to the political economic social and cultural rights of individuals and communities relying on these resources the management of natural resources often leads to ill planned development misappropriation of land corruption bad governance misaligned budget priorities lack of strong institutional reforms and weak policies coupled with a continued denial of the human rights of local communities this book argues that human rights law can play an important role in ensuring a more effective and sustainable management of natural resources putting forward the idea of a human rights based normative framework for natural resource management it offers a comprehensive analysis of the different norms procedures and approaches developed under human rights law that are relevant to the management of natural resources advocating for a less market and corporate approach to the control ownership and management of natural resources this book supports

the development of holistic and coherent integration of human rights law in the overall international legal framework governing the management of natural resources

in the space of two decades social rights have emerged from the shadows and margins of human rights jurisprudence the authors in this book provide a critical analysis of almost two thousand judgments and decisions from twenty nine national and international jurisdictions the breadth of the decisions is vast from the resettlement of evictees to the regulation of private medical plans to the development of state programs to address poverty and illiteracy the jurisprudence not only implicates our understanding of economic social and cultural rights but also challenges the philosophical debates that question whether these rights can and should be justiciable

the right to a healthy environment is the subject of extensive philosophical debates that revolve around a key question should rights to clean air water and soil be entrenched in law this pioneering book answers this by moving beyond theoretical debate to measure the practical effects of enshrining the right in constitutions david boyd analyzes 193 constitutions and the laws and court decisions of more than 100 nations in europe latin america asia and africa he reveals that nations with constitutional protections have stronger environmental laws enhanced enforcement greater government accountability and better access to justice information and public participation in decision making than nations without such provisions as a result they demonstrate superior environmental performance and have smaller ecological footprints boyd not only demonstrates that constitutionalizing environmental protection has the power to make sustainability a priority he tells inspiring stories about the difference the right to a healthy environment is making in people s lives

this thoroughly updated edition provides readers with the background and resources needed to understand one of the greatest civil rights issues of our time when it was first published in 1994 gay and lesbian rights a reference handbook was acclaimed in school library journal for taking a sober and balanced approach in addressing this emotionally charged and complex topic the new edition shows just how far the nation has come in securing legal protections regardless of sexual orientation and how far we still have to go gay and lesbian rights a reference handbook second edition provides a history of the gay liberation and gay rights movements in the united states and other parts of the world maintaining the careful approach of the first edition it addresses a range

of current issues from housing and employment discrimination to military service to same sex marriage and adoption laws wholly rewritten with almost 80 percent new material it is the ideal introduction to one of the most important civil rights issues in the world today

apostolos g chronopoulos addresses the doctrinal contentions surrounding the doctrine of misappropriation while offering a comprehensive and critical review of the relevant case law that takes into consideration the rich academic commentary on the topic

as an advocate of the supreme court john dugard observes the south african legal order daily in operation in this book he provides a thorough description and probing analysis of the workings of the system he places south africa s legal order in a comparative context examining the climate of legal opinion crucial judicial decisions and their significance in relation to contemporary thought and practice in england america and elsewhere he also considers south africa s laws in the light of its history politics and culture originally published in 1978 the princeton legacy library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions the goal of the princeton legacy library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by princeton university press since its founding in 1905

this book offers a comprehensive and nuanced examination of the right to an adequate standard of living in sub saharan africa ssa shedding light on the multifaceted challenges opportunities and imperatives for action the right to an adequate standard of living is a fundamental human right essential for the dignity and well being of all individuals yet in ssa the realisation of this right remains a complex and elusive goal with millions of people facing poverty inequality and limited access to basic services through a series of in depth chapters the book explores the various dimensions of the right to an adequate standard of living from the pervasive impacts of poverty and inequality to the critical importance of access to healthcare education housing and justice drawing on a rich array of case studies data and expert analysis the work provides a compelling and evidence based assessment of the current state of affairs in ssa highlighting the urgent need for comprehensive and context specific approaches to advancing this fundamental right providing a roadmap for promoting sustainable and inclusive development reducing poverty and inequality and ensuring access to basic services for all the volume offers a set of actionable recommendations for

policymakers practitioners and researchers working in the areas of human rights law development law and in particular those focused on the united nations sustainable development goals at the same time it identifies key areas for further research and investigation underscoring the importance of ongoing knowledge generation and exchange in support of evidence based policy and practice
